Copy of the letter Rei No.3995-W5-44. dated 27-4-1944 from the Collector of South Kanara, to the Secretary to the Commissioner of Civil Supplies, Chepauk, Madras.

Civil Supplies - War section - establishment increase of work - additional staff - proposals.

At present there are 7 clerks attached to the War Section of the Collector's office. Two of them are exclusively attending to the work connected with rice and paddy. This work has now increased enormously with the result that it is found impossible for the two clerks to cope with it. Consequent on the rigorous control exercised over the movement, sale, possession etc. of rice and paddy, a large number of petitions pour in every day and they call for immediate disposal. The South Kanara Central Co-operative Wholesale stores which is the sole agency for purchase and distribution of all the available rice in the whole District asks for orders and instructions on numerous matters everyday and this does not admit of any delay. The present rush of applications from landholders in Mangalor Town for transport of rice for their own consumption from the village requires the services of one clerk exclusively for the purpose. This item of work will continue till 30-5-1944. The correspondence relating to the requisition and acquisition work for which a special staff has been appointed in addition to the Tahsildars and Dy. Tahsildars require the services of at least one clerk. Then there is the work connected with imported rice, fixation of prices etc.

2. Besides these, the following items entail considerable work

(1) Rationing in Udipi, Mangalore, Kasargod and Hosdrug.
(2) Food Council
(3) Anti hoarding and profiteering ordinance.
(4) Foodgrains control order and Food offences and Periodica connected therewith.
(5) The Madras Rice Mills Licensing order.
(6) Petitions for supply of provisions to families of soldie

Most of these items of work are treated as 'urgent' and require special attention. The volume of work under each item is growing day by day

3. The two clerks now attending to all these items of work are heavily overworked. The other five clerks (including the standa cloth clerk) have also heavy work so that it is not possible to redistribute the work in any manner. I consider that it is absolutely necessary to have at least two more clerks for this secti and that sanction may kindly be granted for the employment of two additional clerks for the civil supplies work in this office for a period of three months from 1-5-1944 and that orders may be commun ed to me by wire to enable me to employ the additional clerks immediately.
